Batman Begins is a superhero action-adventure film co-written, co-produced, and directed by Christopher Nolan. It is the first installment in the Dark Knight trilogy. The film stars Christian Bale as Bruce Wayne/Batman, Michael Caine as Alfred Pennyworth, Liam Neeson as Henri Ducard/Ra's al Ghul and Gary Oldman as James Gordon. It tells of Batman's transformation into a vigilante after spending his childhood learning martial arts to fight crime in Gotham City with his vigilante partner Rachel Dawes—who dies early on—and their subsequent confrontation with Carmine Falcone. The film draws inspiration from the comic book storyline "The Man Who Falls," while introducing what became a recurring theme in the Batman universe: the concept of a "Batman" who acts as a vigilante and is actively hunted by law enforcement and other heroes. The film was released on June 15, 2005, and grossed over \$370 million worldwide. In Gotham City, a serial killer named Joe Chill murders Rachel Dawes' father during a rooftop chase including Bruce Wayne after being told to do so by his boss, gang leader Carmine Falcone. After giving testimony against Falcone, Chill is killed by Victor Zsasz in prison after being paid off by the mob boss. Following the murder, Bruce is raised by the family butler Alfred Pennyworth. After hosting an event for the League of Shadows with Henri Ducard, Bruce befriends Ducard's son, Ducard soon reveals himself to be Ra's al Ghul and tries to recruit Bruce as a "soldier" for their cause. He refuses, but not before learning that his father was supposedly killed by a drunk driver. A frustrated Bruce blames his late father or lack of his protection against criminals which lands him in the middle of a fight between local crime lord Carmine Falcone and mobster Sal Maroni. Bruce vows to hunt down Chill's killer. Alfred Pennyworth recommends Bruce Wayne to travel the world and hone his skills, so he leaves Gotham after being threatened by Lt. James Gordon. After making a stop in Hong Kong, Bruce is trained in martial arts and stealth for seven years. He then returns to Gotham intent on killing Chill's killer. Alfred hires Rachel to dissuade him, but Bruce eventually confronts Carmine Falcone and Sal Maroni at their restaurant, the Docks, defeating them after unexpectedly summoning a swarm of bats and brandishing two escrima sticks (which he used during his training) before the police arrive to arrest them. He is then taken to the GCPD, where he shares his story of being a vigilante. Bruce encounters Harvey Dent, who also fights crime as Two-Face. Ducard and Ra's al Ghul arrive and demand Bruce to train in the League of Shadows. Alfred is revealed to be the head of Wayne Enterprises, which Sal stole from when he was voted out of office in order to take over himself. Alfred threatens to shut down the plant unless they leave Gotham and leave his family in peace and all their company records and evidence safe in his hands. Bruce leaves with Ducard and Ra's after seeing Alfred has succeeded in blackmailing them into leaving town.
